Adding Hospice Physicians in Hyperspace

The hospice patients primary care provider (PCP) should be added in Hyperspace using the following steps.

- 1. Access **Hospice Intake** for the patient, then click on the **Care Team** from the Snapshot on the left. This will open the **Care Teams** tab.
- 2. Add the patients Primary Care Physician in the Add PCP field.

3. When adding the PCP, select the PCP Type of General then Accept.

Note: The hospice attending physician will be decided on and added during the admission visit.
