Documenting Pre/Post Minutes in Patient Contacts

The Pre/Post minutes field under the Admin form in all Contact types should always be completed with any minutes you spent before or after the visit times preparing for or documenting the visit.

The screenshot displays the EpicEdge Admin form for a patient contact. The form is organized into sections: Type of service, Transit, and Visit. The Pre/Post (minutes) field is highlighted with a red box.

Type of service: Routine RN Visit (G0299)

Buttons: Routine RN Visit (G0299), Routine LPN Visit (G0300), Visit Not Billable, Contact Made in Error

Transit

Buttons: End Transit Now

Transit start: 12:01 PM Transit end: 12:15 PM 14 minutes

Mileage: 5

Visit

Buttons: End Visit Now

Visit start: 12:16 PM Visit end: 12:46 PM 30 minutes

Pre/Post (minutes): 5
