RPM Episode Event Types Added

New Event Types of RPM Start of Care and RPM Discharge have been added, along with a column that would display this information on the RPM1 and RPM2 reports for patients on service in the prior calendar month.

The RPM Start of Care and RPM Discharge events are used to determine the actual days on service, not just the Intake Complete and Agency Discharge dates.

Episode Events							
Date	Event	Created By	Comments				
03/09/2022	Episode Created	HOMEHEALTH, INTAKE NURSE					
03/09/2022	Intake Completed	HOMEHEALTH, INTAKE NURSE					
04/01/2022	RPM Start of Care	ROBERTS, CANDI					
05/25/2023	RPM Discharge	ROBERTS, CANDI					
06/18/2023	Home Health Discharge	ROBERTS, CANDI	No billable visit found.				

Referred On	Intake Completed Date	RPM SOC	RPM Discharge	Total RPM Days	Discharge Date	Episode Status	Home Health Reason for Discharge
03/03/2023	03/03/2023	03/05/2023	06/06/2023	93	06/20/2023	Resolved	D/C Goals Met

Note: The Total RPM Days column will not change when you change the dates of the report. It displays the total length of stay, even if the report only shows a single month.
