## Supervisory Visit Form is Now Required

To ensure timely documentation of aide supervision, the Remote Client Supervisory Visit form question "Discipline of person being assessed" now requires a response. It will be required for every Home Health and Hospice visit that includes this form. If there is no discipline requiring a supervisory visit, select "No discipline requiring supervision on patient's care team".

Supervisory Visit

Name of person being assessed

Discipline of person being assessed        No discipline requiring supervision on patient's care team

Person being assessed present  yes  no

Type of supervision  direct  indirect

Needs additional onsite visit  yes  no

Services provided in accordance with plan of care  yes  no

If clinicians do not document the Supervisory Visit form, they will not be able to sign and close their encounters.
