Eligibility Requirements, Benefit Periods & Notice of Election

Eligibility

 To be eligible to elect hospice care under Medicare, an individual must be entitled to Part A of Medicare and be certified as being terminally ill. An individual is considered to be terminally ill if the medical prognosis is that the individual's life expectancy is 6 months or less if the illness runs its normal course.

Eligibility

- No one other than a medical doctor or doctor of osteopathy can certify or recertify a terminal illness. Predicting of life expectancy is not always exact.
- The fact that a beneficiary lives longer than expected in itself is not cause to terminate benefits.

*Terminal Condition Reminder

- CMS expects documentation supporting a 6-month or less life expectancy will be included in the beneficiary's medical record and available to the MACs when requested.
- Hospice medical director must assess and evaluate the full clinical picture of the Medicare hospice beneficiary to make the determination whether the beneficiary still has a medical prognosis of 6 months or less, regardless of whether the beneficiary has stabilized or improved.

Eligibility

An individual must waive all rights to Medicare payments for the duration of the election/revocation of hospice care for the following services:

- Hospice care provided by a hospice other than the hospice designated by the individual (unless provided under arrangements made by the designated hospice);
- Any Medicare services that are related to the treatment of the terminal condition for which hospice care was elected or a related condition or services that are equivalent to hospice care, ->

Eligibility

Except for services provided by:

- I. The designated hospice (either directly or under arrangement);
- 2. Another hospice under arrangements made by the designated hospice; or
- 3. The individual's attending physician, who may be a nurse practitioner (NP)

Medicare services for a condition completely unrelated to the terminal condition for which hospice was elected remain available to the patient if he or she is eligible for such care.

Benefit Periods

- An individual (or his authorized representative) must elect hospice care to receive it.
- The first election is for a 90-day period. An individual may elect to receive Medicare coverage for an unlimited number of election periods of hospice care.
- The periods consist of two 90-day periods, and an unlimited number of 60-day periods.

Certification

The hospice must obtain oral or written certification of the terminal illness by the medical director of the hospice or the physician member of the hospice *IDG*, and the individual's attending physician, if applicable.

- For initial election of hospice this must be obtained no later than 2 calendar days after the care is initiated. For subsequent benefit periods it is no later than 2 calendar days after the benefit period starts
- Initial certifications may be completed up to 15 days prior to hospice care being elected. Subsequent benefits period certifications must be completed up to 15 days prior to the next benefit period beginning.

Certification

- Certifications for subsequent benefit periods must be obtained no later than two days after the beginning of the new benefit period.
- Only one physician's signature is required on a subsequent certification.
- Verbal certification may be submitted; however, there must be documentation in the medical records to indicate the certification was obtained within the time frame indicated above.
- Verbal certification must be followed by a written certification, signed and dated by the physician prior to billing Medicare for the hospice care.
- If no verbal certification is present and the written certification is signed later than 2 days after the beginning of the benefit period, allowable days will begin with the date of the physician's signature.

Election of Hospice

The election statement must include the following items of information:

- ✓ Identification of the particular hospice that will provide care to the individual;
- ✓ The individual's or representative's (as applicable)
 acknowledgment that the individual has been given a full
 understanding of hospice care, particularly the palliative rather
 than curative nature of treatment;
- ✓ The individual's or representative's (as applicable)
 acknowledgment that the individual understands that certain
 Medicare services are waived by the election;
- ✓ The effective date of the election; and
- ✓ The signature of the individual or representative.

Summary of Final Rule Effective October 1, 2014

- 1. The hospice Notice of Election (NOE) and Notice of Termination/Revocation (NOTR) must be filed within 5 calendar days.
- 2. The penalty for not filing the NOE timely is "provider liable" days where the hospice is responsible for providing care and services to the patient from effective date of election until the date the NOE is filed.
- 3. The patient or their representative must choose their attending physician and indicate that choice on the NOE. The hospice must provide a "change of attending physician" form for the patient/representative to complete when the attending physician changes.
- 4. Quality reporting requirements remain as proposed. HIS implementation July 1, 2014 and CAHPS survey implementation in 2015.
- 5. Hospices will be required to self-report the aggregate cap 5 months after the end of the cap year, or March 31 of each year. Overpayments will be required to be paid when the report is submitted, although options for an extended repayment plan are available.

FY2015 rates include an increase of 2.1%, slightly higher than the 2.0% in the proposed rule. The wage index values have also been updated.

NOE Changes October 1, 2014

- If an NOE is not filed timely, the hospice will be ineligible for payment from the effective date of election until the day the NOE is received by the MAC.
- A timely-filed NOE is one that is **submitted to, and accepted by**, the MAC within 5 calendar days after the effective date of election. A timely-filed NOTR is one that is **submitted to, and accepted by**, the MAC within 5 calendar days after the effective date of discharge or revocation.
- MACs will provide hospices with information about exceptions process/policies.
- NO consequences for late filing of NOTR will be imposed at this time.
- CMS will explore potential to batch file NOEs.

NOE Changes October 1, 2014

Example of timely/untimely NOE calculation

- Admission date = 10/10/14
- Day 1 = 10/11/14
- Day 2 = 10/12/14
- Day 3 = 10/13/14
- Day 4 = 10/14/14
- Day 5 = 10/15/14 This is the NOE "due date"

If NOE received and accepted before 10/15/14, it is timely
If NOE received and accepted on 10/15/14, it is timely
If NOE received and accepted on/after 10/16/14, it is untimely

NOE Exceptions

- CMS finalizes an exceptions policy for failure to meet timely filing of the NOE; a hospice may be eligible for an exception to the consequences of late filing of the NOE if it documents and requests an exception based on 4 circumstances listed below and the MAC grants the exception:
 - Fires, floods, earthquakes, or other unusual events that inflict extensive damage to the hospice's ability to operate;
 - An event that produces a data filing problem due to a CMS or MAC systems issue beyond the control of the hospice;
 - A newly Medicare-certified hospice that is notified of that certification after the Medicare certification date, or which is awaiting its user ID from its MAC; or
 - Other circumstances determined by CMS to be beyond the control of the hospice.

- ✓ **HIC Required**: Enter the beneficiary's Health Insurance Claim Number (HICN)
- ✓ **TOB Required:** Type of bill (system generated). FISS Page 01 defaults the type of bill (TOB) to 81A.
 - You may need to change this depending on the TOB you are entering.

To confirm the NOE was received by the FISS system and verify the status of your NOE:

- Step 1: Choose FISS Main Menu Option 01 (Inquiries)
- **Step 2**: Choose Inquiry Menu Option 12 (Claim Summary)
- **Step 3**: Enter your hospice's NPI, the patient's HIC number, and TOB (81A or 82A) and press ENTER. NOEs which are received will appear.
- Step 4: Monitor your NOEs daily in FISS.

If the NOE appears in a status/location (S/LOC) beginning with an "S," it has been accepted.

If the NOE appears in a S/LOC beginning with a "T" (RTP), it requires correction before being considered "accepted."

Submitting Claim with Untimely NOE

If the NOE is untimely, provider must submit claim with:

- An occurrence span code 77 with noncovered dates
 - Noncovered dates = admission date to day before NOE received

Example of untimely NOE: ADM DT=0102YY REC DT 0110YY

Errors on Claims with Untimely NOE

Reason Code	Error
U5194	OSC 77 is missing; OR
	OSC 77 dates are incorrect
34923	Date on revenue code line is within OSC 77 dates, but units or charges are covered; OR
	Revenue code line has noncovered units/charges, but service date is outside of OSC 77 dates; OR
	Total noncovered units do not equal noncovered days indicated by OSC 77
	Known Issue: When submitting claims with noncovered charges via 5010, FISS autoplugs covered units, causing claims to hit reason code. To avoid error:
	 Key claim direct data entry (DDE) to show units as noncovered When claim RTPs, correct claim by deleting noncovered revenue code line(s), and re-entering with noncovered units

Untimely NOEs & Subsequent Claims

For subsequent hospice claims, where untimely NOE spans into next billing month, hospice must submit subsequent claim with:

- OSC 77
 - Dates = FROM DATE of claim, and TO DATE = day before NOE received
- KX modifier if requesting an exception
- Noncovered days/services

Example:

- Hospice admission = 1027YY
- NOE submitted untimely = 1118YY
- Initial claim = DOS 1027YY-1031YY with OSC 77 1027YY-1031YY
- Subsequent claim = DOS 1101YY-1130YY with OSC 77 1101YY-1117YY
