

Disaster Preparedness Overview

Presented by:

Barbara B. Citarella RN, MS, CHCE, CHS-V (Certified in Homeland Security)
President/CEO

RBC Limited Healthcare & Management Consultants
www.rbclimited.com

Objectives

- Lessons Learned
- Our Role In An Event
- All Hazards Definition
- Components of the Regulation

**Final Rule Emergency Preparedness
September 16, 2016**

Disaster

A sudden event, such as an accident or a natural catastrophe that causes great damage or loss of life

Why This Regulation?

What Doesn't This Regulation Do?

- Standardization
- Algorithms for 1135 waivers
- Doesn't address recovery

Government Documents Utilized

- National Response Framework (NRF)
- National Disaster Recovery Framework (NDRF)
- Comprehensive Preparedness Guide
- National Pandemic Strategy

NRF Emphasizes Partnerships

Federal Government Supports State

State Government Supports Local Response

Local Government First Response!

**Individuals and
Households**

**Private
Sector**

**Nongovernmental
Organizations**

BE PREPARED TO STAND ON YOUR OWN

Optimistic Bias

Who Are the Providers

- Hospitals
- Religious Non Medical Health Care Institutions
- Ambulatory Care Centers
- Hospice
- Psychiatric Residential Treatment Facilities
- PACE

Page 13

Who Are the Providers

- Transplant Centers
- Long-term Care Facilities
- Intermediate Care Facilities
- Home Health Agencies
- Comprehensive Outpatient Rehab
- Critical Access Hospitals
- Community Health Care Centers

Page 14

Who Are the Providers

- Organ Procurement Organizations
- Rural Health Clinics
- Federally Qualified Health Centers
- End-Stage Renal Disease Facilities
- Clinics, Rehabilitation Agencies,
- Public Health Agencies as providers of outpatient physical therapy and speech language pathology services

**Those Who Don't Remember History Are Doomed
To Repeat It!!**

September 11th, 2001

- Home care and hospice never considered a major role in edp
- Communication a major problem
- Silos
- Importance of the Incident Command System
- First Secretary of Homeland Security

Lessons Learned

- Entire infrastructure is wiped out.
- People dependent on mass transportation
- People with special needs- including functional limitations
- Resources in a timely fashion
- People devotion to their pets

H1N1 Pandemic

Lessons Learned

- Shortage of PPE/algorithms for types and use
- Rapidity of the spread
- ERs overwhelmed
- Transparency lacking around the world in reporting (same with Ebola)

Lessons Learned

- Optimistic Bias
- Communication

Terrorist Events

Most Memorable Document

Page 27

Memorial Hospital

Page 28

Isomorphic Learning

We use isomorphic learning in learning from disasters.

Page 31

Home Care and Hospice Role

- Preparedness
- Mitigation
- Response
- Containment

Page 32

Home Care and Hospice's Roles In An Event

- Supportive Care in Off-Site Centers
- Mass Prophylaxis
 - Immunization/Vaccination Clinics
 - Medication Distribution Centers
 - Prophylaxis to the Homebound
- Quarantine/Isolation

Home Care and Hospice's Role in An Event

- Be ready for biological, chemical, radiological response as well as everything else.
- Changing roles as event changes
- Prioritize patients frequently every day and admit new patients
- Deployment of staff
- Be first identifiers

Syndromic Surveillance

Health Protection Agency
Syndromic Surveillance Summary

Produced by the HPA Real-time Syndromic Surveillance Team

06 November 2012 | Week 44 2012

Syndromic surveillance national summary:

Reporting period: Week 44 (29 October - 4 November 2012)

Nationally there have been further increases in the number of NHS Direct vomiting calls. The proportion of vomiting calls is now above the 'norovirus threshold' suggesting community-based norovirus activity. We will continue to monitor this, and other gastrointestinal indicators over coming weeks.

Our Role In The New Regulation

- Ensuring the safety and well being of patients and staff;
- Maintaining continuity of care to patients;
- Ensuring agency financial viability and continuity of business operations;
- Providing agency legal protection;
- Ensuring appropriate utilization of resources; and
- Supporting community and community partners during a disaster. Supporting the critical infrastructure.

Regulation has 4 Main Areas

- Emergency plan
- Policies and procedures
- Communication
- Training and testing

All Providers

- Risk assessment
- Establish a plan
- Policies and procedures that address the plan
- Communication plan
- Train and orient staff
- Test the plan

Page 39

Preparedness Cycle

Page 40

In Patient Programs

- Be able to shelter in place with patients and employees
- Plan for a safe evacuation
- Provide for subsistence needs
- Alternate location

All Hazards Planning

A component of all-hazards planning is the development of the capacity to deal with multiple hazards through functional planning.

This is based on the assumption that certain core functions, such as warning, evacuation, and sheltering, will be needed in most disasters and will be to a large extent be handled the same way.

This creates a baseline capability that can not only deal with anticipated risk but can be modified to deal with the unexpected.

Explosions

Radiological Event

Page 17

Biological

Page 18

Also Include (Barbara's Recommendation)

- Cyber Security
- Active Shooter
- Civil Unrest

Remember! Regulation has 4 Main Areas

- Emergency plan
- Policies and procedures
- Communication
- Training and testing

CMS Emergency Preparedness Final Rule Crosswalk

Version 1 Published February 3, 2017

The following tables represent a visualization of the association between the CMS Emergency Preparedness Final Rule Conditions of Participation ([Link to Final Rule](#)) and existing regulatory and accreditation standards.

- This crosswalk is not intended to replace reading and understanding the regulations promulgated by CMS, individual States or the standards provided by the specific accrediting organizations (AOs). Please consult with your organization’s legal and regulatory team for impact on your individual facility.
- This crosswalk is intended to serve as a high level “Quick Reference Guide” and not as interpretive guidance or instructions on how to achieve compliance.
- Specific questions on individual facility compliance must still be directed to AOs, surveyors, and Centers for Medicare and Medicaid Services (CMS).
- This crosswalk used the AO standards as available and printed as of October 2016 and NOT standards that may be updated based on the release of the CMS EP rule or interpretive guidance, therefore all facilities must check with their AO for the most current standards.
- This crosswalk is a product of Yale New Haven Health System Center for Emergency Preparedness and Disaster Response’s (YNHHS-CEPDR) and has not been reviewed or approved by the CMS or by any AO. For questions or concerns with this product please contact YNHHS-CEPDR at center@ynhh.org.

The crosswalk was created by mapping emergency and disaster related program, policy, communication, training and exercise elements of regulatory and accreditation standards to the CMS Emergency Preparedness Conditions of Participation. The AOs represented in the crosswalk are those listed on the following document: [CMS Accrediting Organization Contacts](#).

Every effort was made to ensure that the mapped Conditions of Participation and accreditation standards matched as closely as possible. A number of subject matter experts internal and external to YNHHS CEPDR contributed to the creation of this document, we are extremely grateful for their input. *However, this document should be used only as a guide for reviewing and updating emergency preparedness plans and does not replace existing federal, local, or association guidance.*

Printing Note: The full document is lengthy and is printed on legal size paper. You may wish to print only the section(s) most relevant to your organization. Be sure to use the PDF page numbers when selecting your print range.

Click on the associated facility type below to review the relevant standards.

Ambulatory Surgical Center	Hospital
Clinics, Rehabilitation and Therapy	Immediate Care Facility –Intellectual Disability
Community Mental Health Center	Long Term Care Facility
Comprehensive Outpatient Rehab	Organ Procurement Organization
Critical Access Hospital	Program for the All Inclusive Care for the Elderly
End Stage Renal Disease	Psychiatric Residential Treatment Facility
Home Health Agency	Religious Non-Medical Healthcare Institution
Hospice	Rural Health Care-FQHC
	Transplant Center

Communication Plan	Communication Plan						
Be required to develop and maintain an emergency preparedness communication plan that complies with local, state and Federal law and required to review and update the communication plan at least annually.	416.54 (C)				EM.02.02.01 (All EPs)- General Requirements	6.4	12.5.3.3.6.1
As part of its communication plan include in its plan, names and contact information for staff; entities providing services under arrangement; patients' physicians and volunteers.	416.54 (C) (1)				EM.02.02.01 (EP1) - Communication	6.4.1	
Require contact information for Federal, State, tribal, regional, or local emergency preparedness staff and other sources of assistance.	416.54 (C) (2)				EM.02.02.01 (EP 1) - Communication	6.4.1	12.5.3.3.6.1(6)
Include primary and alternate means for communicating with staff and Federal, State, tribal, regional, and local emergency management agencies	416.54 (C) (3)					6.4.1	12.5.3.3.6.1
Include a method for sharing information and medical documentation for patients under the facility's care, as necessary, with other health care providers to maintain continuity of care.	416.54 (C) (4)						12.5.3.3.6.1(4)
Have a means, in the event of an evacuation, to release patient information as permitted under 45 CFR 164.510.	416.54 (C) (5)					6.4.1	12.5.3.3.6.1(4)
Have a means of providing information about the general condition and location of patients under the facility's care, as permitted under 45 CFR 164.510(b)(4) s.	416.54 (C) (6)						12.5.3.3.6.1(4)
Have a means of providing information about the facility's occupancy, needs, and its ability to provide assistance, to the authority having jurisdiction or the Incident Command Center, or designee.	416.54 (C) (7)				EM.02.02.01 (EP 4) - General Requirements		12.5.3.3.6.1(2)(6)
Training and Testing	Training and Testing						
Develop and maintain an emergency preparedness training and testing program based on the emergency plan, risk assessment, policies and procedures and communications plan. The training and testing program must be reviewed and updated at least annually.	416.54 (d)					7.1	12.3.3.10
Provide initial training in emergency preparedness polices and procedures to all new and existing staff, individuals providing on-site services under arrangement and volunteers consistent with their expected roles. Provide this training annually and maintain documentation of all emergency preparedness training along with demonstration of staff knowledge of emergency procedures.	416.54 (d) (1)	Chapter 7 SubchapterII Standard E and S - Infection Prevention and Control and Safety	800.042 Personnel Records Document Training 800.042.010 - Hazard Safety Training 800.042.025 - Other Safety Training			7.1	12.3.3.10
Conduct exercises to test the emergency plan at least annually	416.54 (d) (2)	Chapter 8 Standard E		01.00.08 Disaster Drills.		8.1.1 8.5.1	12.3.3.10
Participate in a full scale exercise that is community based or when community based exercise is not accessible, individual, facility-based.	416.54 (d) (2)						
If the facility experiences and actual natural or man made emergency that requires activation of the emergency plan, the facility is exempt from engaging in a community based or individual, facility based full-scale exercise for one year following the onset of the actual event	416.54 (d) (2)						
Conduct a second exercise that may include but is not limited to a second full-scale exercise that is individual, facility based; a tabletop exercise that induces a group discussion led by a facilitator using a narrated, clinically relevant emergency scenario and a set of problem statements, directed messages or prepared questions designed to challenge the emergency plan	416.54 (d) (2)						12.3.3.2

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	Accreditation Association for Ambulatory Health Care (AAAH) www.aaahc.org	American Association for Accreditation of Ambulatory Surgery Facilities www.aaaaf.org	American Osteopathic Association/Healthcare Facilities Accreditation Program www.hfap.org	The Joint Commission Standards www.jointcommission.org	NFPA 1600	NFPA 99
Analyze the response to and maintain documentation of all drills, tabletop exercises and emergency events and revise the facility emergency plan as needed	416.54 (d) (2)	Chapter 8 Standard E					12.3.3.2
Integrated Healthcare Systems	Integrated Healthcare Systems						
If the facility is part of a healthcare system consisting of multiple separately certified healthcare facilities that elects to have a unified and integrated emergency preparedness program, the facility may choose to participate in such a program. And must meet the following standards	416.54 (e)						
Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program	416.54 (e) (1)						
The unified and integrated emergency preparedness program must be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations and services offered.	416.54 (e) (2)						
Demonstrate that each separately certified facility is capable of actively using the unified and integrated emergency preparedness program and is in compliance	416.54 (e) (3)						
Include a unified and integrated emergency plan that meets all standards of paragraphs (a) (2), (3), and (4) of this section.	416.54 (e) (4)						
The plan must be based on a community risk assessment using an all-hazards approach with each separately certified facility within the health system having a documented individual facility based risk assessment	416.54 (e) (4)						
Include integrated policies and procedures that meet the requirements set forth in paragraph (b) of this section, a coordinated communication plan and training and testing programs that meet the requirements of paragraphs (C) and (d) of this section respectively	416.54 (e) (5)				EM.01.01.01 (EP 2) -Foundation for the EOP

October 2016	485.920	2016	2012 Edition
Require both an emergency preparedness program and an emergency preparedness plan	485.920		12.2.2.3 12.2.3.2 12.4.1 12.5.1
Comply with all applicable Federal, State and local emergency preparedness requirements. The emergency plan must be reviewed and updated at least annually.	485.920 (a)		12.2.3.3 12.4.1.2 12.5.3.6.1
The emergency plan must be based on and include a documented facility based and community based risk assessment utilizing an all hazards approach	485.920 (a) (1)	4.4.2 5.1.3 5.1.4 5.2.1	12.5.2 12.5.3.1
The emergency plan includes strategies for addressing emergency events identified by the risk assessment.	485.920 (a) (2)	5.1.5 6.6.2	12.5.3.2 12.5.3.3
The emergency plan must address the patient population including the types of services that the facility would be able to provide in an emergency; continuity of operations, including delegations of authority and succession plans	485.920 (a) (3)	5.2.2.2	12.2.2.3 12.5.3.1.3(1) 12.5.3.2.3(11) 12.5.3.3.6.4
Have a process for ensuring cooperation and collaboration with local, tribal, regional, state, or Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation, including documentation of the facility efforts to contact such officials and, when applicable, its participation in collaborative and cooperative planning efforts.	485.920 (a) (4)		12.2.3.3 12.5.3.3.6.1(2)(6)

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Policies and Procedures	Policies and Procedures		12.5.3.3.5 12.5.3.3.6.1 12.5.3.6.1
Develop and implement emergency preparedness policies and procedures based on the emergency plan set forth in 416.54 (a) and 416.54 (a) (1) and the communications plan section 416.54 (C). The policies and procedures must be reviewed and updated at least annually.	485.920 (b)		
Develops a system to track the location of on-duty staff and sheltered patients in the facility's care during an emergency. If on-duty staff or sheltered patients are relocated during the emergency the facility must document the specific name and location of the receiving facility or other location.	485.920 (b) (1)		12.5.3.3.3 12.5.3.3.6
Have policies and procedures in place to ensure the safe evacuation from the facility, which would include standards addressing consideration of care and treatment needs of evacuees; staff responsibilities; transportation; identification of evacuation location(s); and primary and alternate means of communication with external sources of assistance.	485.920 (b) (2)		12.5.3.3.6.1(4)
Have a means to shelter in place for patients, staff and volunteers who remain in the facility	485.920 (b) (3)		12.5.3.4.5
Have a system of medical documentation that preserve patient information, protects the confidentiality of patient information and secures and maintains availability of records.	485.920 (b) (4)	4.7.2	
Have policies and procedures in place to address the use of volunteers in an emergency or other emergency staffing strategies, including the process and role for integration of State or Federally designated health care professionals to address surge needs during an emergency.	485.920 (b) (5)	6.9.1.2	
Development of arrangements with other facilities of similar type or other providers to receive clients in the event of limitations or cessation of operations to maintain continuity of services	485.920 (b) (6)		12.5.3.3.6.1
Policies and procedures would have to address the role of the facility under a waiver declared by the Secretary, in accordance with section 1135 of the Act, for the provision of care and treatment at an alternate care site (ACS) identified by emergency management officials.	485.920 (b) (7)		

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Communication Plan	Communication Plan		12.5.3.3.6.1(6)
Be required to develop and maintain an emergency preparedness communication plan that complies with local, state and Federal law and required to review and update the communication plan at least annually.	485.920 (C)	6.4	12.5.3.3.6.1
As part of its communication plan include in its plan, names and contact information for staff; entities providing services under arrangement; clients’ physicians and volunteers.	485.920 (C) (1)	6.4.1	12.5.3.3.6.1(4)
Require contact information for Federal, State, tribal, regional, or local emergency preparedness staff and other sources of assistance.	485.920 (C)(2)	6.4.1	12.5.3.3.6.1(4)
Include primary and alternate means for communicating with staff and Federal, State, tribal, regional, and local emergency management agencies	485.920 (C)(3)	6.4.1	12.5.3.3.6.1(4)
Include a method for sharing information and medical documentation for patients under the facility's care, as necessary, with other health care providers to maintain continuity of care.	485.920 (C)(4)		12.5.3.3.6.1(2)(6)
Have a means, in the event of an evacuation, to release patient information as permitted under 45 CFR 164.510 of the HIPAA Privacy Regulations.	485.920 (C) (5)	6.4.1	
Have a means of providing information about the general condition and location of patients under the facility’s care, as permitted under 45 CFR 164.510(b)(4) of the HIPAA Privacy Regulations.	485.920 (C) (6)		12.3.3.9.1
Have a means of providing information about the facility's needs, and its ability to provide assistance, to the authority having jurisdiction or the Incident Command Center, or designee.	485.920 (C) (7)		12.3.3.9.2

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Training and Testing	Training and Testing		12.3.3.10
Develop and maintain an emergency preparedness training and testing program based on the emergency plan, risk assessment, policies and procedures and communications plan. The training and testing program must be reviewed and updated at least annually.	485.920 (d)	7.1	
Provide initial training in emergency preparedness polies and procedures to all new and existing staff, individuals providing services under arrangement and volunteers consistent with their expected roles. Provide this training annually and maintain documentation of all emergency preparedness training along with demonstration of staff knowledge of emergency procedures.	485.920 (d) (1)	7.1	12.3.3.10
Conduct exercises to test the emergency plan at least annually	485.920 (d) (1)	8.1.1 8.5.1	12.3.3.10
Participate in a full scale exercise that is community based or when community based exercise is not accessible, individual, facility-based.	485.920 (d) (2)		12.3.3.10
If the facility experiences and actual natural or man made emergency that requires activation of the emergency plan, the facility is exempt from engaging in a community based or individual, facility based full-scale exercise for one year following the onset of the actual event	485.920 (d) (2)		
Conduct a second exercise that may include but is not limited to a second full-scale exercise that is individual, facility based; a tabletop exercise that induces a group discussion led by a facilitator using a narrated, clinically relevant emergency scenario and a set of problem statements, directed messages or prepared questions designed to challenge the emergency plan	485.920 (d) (2)		
Analyze the response to and maintain documentation of all drills, tabletop exercises and emergency events and revise the facility emergency plan as needed	485.920 (d) (2)		12.3.3.2
Integrated Healthcare Systems	Integrated Healthcare Systems		
If the facility is part of a healthcare system consisting of multiple separately certified healthcare facilities that elects to have a unified and integrated emergency preparedness program, the facility may choose to participate in such a program. And must meet the following standards	485.920 (e)		
Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program	485.920 (e)		
The unified and integrated emergency preparedness program must be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations and services offered.	485.920 (e)		

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99

October 2016	494.62	2016	2012
Require both an emergency preparedness program and an emergency preparedness plan	494.62		12.2.2.3 12.2.3.2 12.4.1 12.5.1
Comply with all applicable Federal, State and local emergency preparedness requirements. These emergencies include, but are not limited to, fire, equipment or power failures, care-related emergencies, water supply interruption, and natural disasters likely to occur in the facility's geographic area. The dialysis facility must establish and maintain an emergency preparedness program that meets the requirements of this section	494.62		12.2.3.3 12.4.1.2 12.5.3.6.1
The dialysis facility must develop and maintain an emergency preparedness plan that must be evaluated and updated at least annually.	494.62 (a)		12.2.3.3 12.4.1.2 12.5.3.6.1
The emergency plan must be based on and include a documented facility based and community based risk assessment utilizing an all hazards approach	494.62 (a) 1	4.4.2 5.1.3 5.1.4 5.2.1	12.5.2 12.5.3.1
The emergency plan includes strategies for addressing emergency events identified by the risk assessment.	494.62 (a) 2	5.1.5 6.6.2	12.5.3.2 12.5.3.3
The emergency plan must address the patient population including the types of services that the facility would be able to provide in an emergency; continuity of operations, including delegations of authority and succession plans	494.62 (a) 3	5.2.2.2	12.2.2.3 12.5.3.1.3(1) 12.5.3.2.3(11) 12.5.3.3.6.4
Have a process for ensuring cooperation and collaboration with local, tribal, regional, state, or Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation, including documentation of the dialysis facility efforts to contact such officials and, when applicable, its participation in collaborative and cooperative planning efforts. The dialysis facility must contact the local emergency preparedness agency at least annually to confirm that the agency is aware of the dialysis facility's needs in the event of an emergency.	494.62 (a) 4		12.2.3.3 12.5.3.3.6.1(2)(6)

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Policies and Procedures	Policies and Procedures		
Develop and implement emergency preparedness policies and procedures based on the emergency plan set forth in 416.54 (a) and 416.54 (a) (1) and the communications plan section 416.54 (C). The policies and procedures must be reviewed and updated at least annually.			12.5.3.3.5 12.5.3.3.6.1 12.5.3.6.1
The dialysis facility must develop and implement emergency preparedness policies and procedures, based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, and the communication plan at paragraph (c) of this section. The policies and procedures must be reviewed and updated at least annually. These emergencies include, but are not limited to, fire, equipment or power failures, care-related emergencies, water supply interruption, and natural disasters likely to occur in the facility's geographic area.	494.62 (b)		12.5.3.3.6.2 12.5.3.3.6.4(7)(8) 12.5.3.3.6.5 12.5.3.3.6.6
A system to track the location of on-duty staff and sheltered patients in the dialysis facility's care during and after an emergency. If on-duty staff and sheltered patients are relocated during the emergency, the dialysis facility must document the specific name and location of the receiving facility or other location.	494.62 (b) 1		12.5.3.3.6.4(9)
Have policies and procedures in place to ensure the safe evacuation from the facility, which would include which includes staff responsibilities, and needs of the patients.	494.62 (b) 2		12.5.3.3.6.1(3)(4) 12.5.3.3.6.2(7) 12.5.3.3.6.4(1)(6)(7)(8)(9) 12.5.3.3.6.8
Have a means to shelter in place for patients, staff and volunteers who remain in the facility	494.62 (b) 3		12.5.3.3.3 12.5.3.3.6
Have a system of medical documentation that preserve patient information, protects the confidentiality of patient information and secures and maintains availability of records.	494.62 (b) 4	4.7.2	12.5.3.3.6.1(4)
Have policies and procedures in place to address the use of volunteers in an emergency or other emergency staffing strategies, including the process and role for integration of State or Federally designated health care professionals to address surge needs during an emergency.	494.62 (b) 5	6.9.1.2	12.5.3.4.5
The development of arrangements with other dialysis facilities or other providers to receive patients in the event of limitations or cessation of operations to maintain the continuity of services to dialysis facility patients.	494.62 (b) 6	6.9.1.2	
Policies and procedures would have to address the role of the facility under a waiver declared by the Secretary, in accordance with section 1135 of the Act, for the provision of care and treatment at an alternate care site (ACS) identified by emergency management officials.	494.62 (b) 7		
How emergency medical system assistance can be obtained when needed.	494.62 (b) 8		
A process by which the staff can confirm that emergency equipment, including, but not limited to, oxygen, airways, suction, defibrillator or automated external defibrillator, artificial resuscitator, and emergency drugs, are on the premises at all times and immediately available.	494.62 (b) 9		

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Communication Plan	Communication Plan		
Be required to develop and maintain an emergency preparedness communication plan that complies with local, state and Federal law and required to review and update the communication plan at least annually.	494.62 (C)	6.4	12.5.3.3.6.1
As part of its communication plan include in its plan, names and contact information for staff; entities providing services under arrangement; patients’ physicians, other dialysis facilities and volunteers.	494.62 (C) 1	6.4.1	
Require contact information for Federal, State, tribal, regional, or local emergency preparedness staff and other sources of assistance.	494.62 (C) 2	6.4.1	12.5.3.3.6.1(6)
Include primary and alternate means for communicating with facility staff and Federal, State, tribal, regional, and local emergency management agencies	494.62 (C) 3	6.4.1	12.5.3.3.6.1
Include a method for sharing information and medical documentation for patients under the facility's care, as necessary, with other health care providers to maintain continuity of care.	494.62 (C) 4		12.5.3.3.6.1(4)
Have a means, in the event of an evacuation, to release patient information as permitted under 45 CFR 164.510 .	494.62 (C) 5	6.4.1	12.5.3.3.6.1(4)
Have a means of providing information about the general condition and location of patients under the facility’s care, as permitted under 45 CFR 164.510(b)(4) .	494.62 (C) 6		12.5.3.3.6.1(4)
A means of providing information about the dialysis facility's needs, and its ability to provide assistance, to the authority having jurisdiction or the Incident Command Center, or designee.	494.62 (C) 7		12.5.3.3.6.1(2)(6)
Training and Testing	Training and Testing		
Develop and maintain an emergency preparedness training and testing program based on the emergency plan, risk assessment, policies and procedures and communications plan. The training and testing program must be reviewed and updated at least annually.	494.62 (D)		12.3.3.10
Provide initial training in emergency preparedness polies and procedures to all new and existing staff, individuals providing on-site services under arrangement and volunteers consistent with their expected roles. Provide this training annually and maintain documentation of all emergency preparedness training along with demonstration of staff knowledge of emergency procedures.	494.62 (D) 1 i - ii		12.3.3.10
Annual staff training must demonstrate staff knowledge of emergency procedures including: (A) What to do; (B) Where to go, including instructions for occasions when the geographic area of the dialysis facility must be evacuated; (C) Whom to contact if an emergency occurs while the patient is not in the dialysis facility. This contact information must include an alternate emergency phone number for the facility for instances when the dialysis facility is unable to receive phone calls due to an emergency situation (unless the facility has the ability to forward calls to a working phone number under such emergency conditions); and (D) How to disconnect themselves from a dialysis machine if an emergency occurs	494.62 (D) 1 iii		
Training must indicate that at minimum, its patient care staff maintains current CPR certification	494.62 (D)1 iv		
Properly training its nursing staff in the use of emergency equipment and emergency drugs	494.62 (D) 1 v		
Maintain documentation of the training	494.62 (D)1 vi		
Conduct exercises to test the emergency plan at least annually	494.62 (D) 2 1		12.3.10
Participate in a full scale exercise that is community based or when community based exercise is not accessible, individual, facility-based.	494.62 (D) 2 i		12.3.3.2
If the facility experiences and actual natural or man made emergency that requires activation of the emergency plan, the facility is exempt from engaging in a community based or individual, facility based full-scale exercise for one year following the onset of the actual event	494.62 (D) 2 i		12.3.3.2

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Conduct a second exercise that may include but is not limited to a second full-scale exercise that is individual, facility based; a tabletop exercise that includes a group discussion led by a facilitator using a narrated, clinically relevant emergency scenario and a set of problem statements, directed messages or prepared questions designed to challenge the emergency plan	494.62 (D) 2 ii A-B		12.3.3.2
Analyze the response to and maintain documentation of all drills, tabletop exercises and emergency events and revise the facility emergency plan as needed	494.62 (D) 2 iii		12.3.3.2
Patient orientation: Emergency preparedness patient training. The facility must provide appropriate orientation and training to patients, including the areas specified in paragraph 494.62 (d)(1)	494.62 (D) 3		
Integrated Healthcare System	Integrated Healthcare System		
If a dialysis facility is part of a healthcare system consisting of multiple separately certified healthcare facilities that elects to have a unified and integrated emergency preparedness program, the dialysis facility may choose to participate in the healthcare system's coordinated emergency preparedness program. And must meet the following standards:	494.62 (E)		
Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program	494.62 (E) 1		
The unified and integrated emergency preparedness program must be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations and services offered.	494.62 (E) 2		
Demonstrate that each separately certified facility is capable of actively using the unified and integrated emergency preparedness program and is in compliance	494.62 (E) 3		
Include a unified and integrated emergency plan that meets all standards of paragraphs (a) (2), (3), and (4) of this section.	494.62 (E) 4		
The plan must be based on a community risk assessment using an all-hazards approach with each separately certified facility within the health system having a documented individual facility based risk assessment	494.62 (E) 4 i-ii		
Include integrated policies and procedures that meet the requirements set forth in paragraph (b) of this section, a coordinated communication plan and training and testing programs that meet the requirements of paragraphs (C) and (d) of this section respectively	494.62 (E) 5

Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program	488.73 (F) 1		
The unified and integrated emergency preparedness program must be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations and services offered.	488.73 (F) 2		
Demonstrate that each separately certified facility is capable of actively using the unified and integrated emergency preparedness program and is in compliance with the program	488.73 (F) 3		
Include a unified and integrated emergency plan that meets all standards of paragraphs (a) (2), (3), and (4) of this section.	488.73 (F) 4		

Long Term Care Facility

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
The plan must be based on a community risk assessment using an all-hazards approach with each separately certified facility within the health system having a documented individual facility based risk assessment	488.73 (F) 4 i		
Include integrated policies and procedures that meet the requirements set forth in paragraph (b) of this section, a coordinated communication plan and training and testing programs that meet the requirements of paragraphs (c) and (d) of this section, respectively	488.73 (F) 5		

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
October 2016	486.360	2016	2012 Edition
The OPO must establish and maintain an emergency preparedness program that meets the requirements of this section.	486.360		12.2.2.3 12.2.3.2 12.4.1 12.5.1
The OPO must develop and maintain an emergency preparedness plan that must be reviewed and updated at least annually	486.360 (a)		12.2.3.3 12.4.1.2 12.5.3.6.1
The plan must be based on based on and include a documented, facility-based and community-based risk assessment, utilizing an all-hazards approach.	486.360 (a) 1	4.4.2 5.1.3 5.1.4 5.2.1	12.5.2 12.5.3.1
The plan must include strategies for addressing emergency events identified by the risk assessment	486.360 (a) 2	5.1.5 6.6.2	12.5.3.2 12.5.3.3
Address the type of hospitals with which the OPO has agreements; the type of services the OPO has the capacity to provide in an emergency; and continuity of operations, including delegations of authority and succession plans.	486.360 (a) 3	5.2.2.2	12.2.2.3 12.5.3.1.3(1) 12.5.3.2.3(11) 12.5.3.3.6.4
Include a process for cooperation and collaboration with local, tribal, regional, State, and Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation, including documentation of the OPO's efforts to contact such officials and, when applicable, of its participation in collaborative and cooperative planning effort	486.360 (a) 4		12.2.3.3 12.5.3.3.6.1(2)(6)
Policies and Procedures	Policies and Procedures		
The OPO must develop and implement emergency preparedness policies and procedures, based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, and, the communication plan at paragraph (c) of this section. The policies and procedures must be reviewed and updated at least annually.	486.360 (b)		12.5.3.3.5 12.5.3.3.6.1 12.5.3.6.1
The plan must include a system to track the location of on-duty staff during and after an emergency. If on-duty staff is relocated during the emergency, the OPO must document the specific name and location of the receiving facility or other location.	486.360 (b) 1		12.5.3.3.6.4(9)
A system of medical documentation that preserves potential and actual donor information, protects confidentiality of potential and actual donor information, and secures and maintains the availability of records.	486.360 (b) 2	4.7.2	12.5.3.3.6.1(4)
Communication Plan	Communication Plan		
The OPO must develop and maintain an emergency preparedness communication plan that complies with Federal, State, and local laws and must be reviewed and updated at least annually.	486.360 (c)	6.4	12.5.3.3.6.1

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
The communication plan must include names and contact information for staff, entities providing services under arrangement, volunteers, other OPOs, transplant and other hospitals in the OPOs Donation Service Area (DSA)	486.360 (c) 1	6.4.1	
The communication plan must include contact information for Federal, State, tribal, regional and local emergency preparedness staff as well as other sources of assistance.	486.360 (c) 2	6.4.1	
OPOs must have primary and alternate means for communicating with OPO's staff, Federal, State, tribal, regional and local emergency management agencies	486.360 (c) 3	6.4.1	12.5.3.3.6.1
Training and Testing	Training and Testing		
The OPO must develop and maintain an emergency preparedness training and testing program that is based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, policies and procedures at paragraph (b) of this section, and the communication plan at paragraph (c) of this section. The training and testing program must be reviewed and updated at least annually.	486.360 (d)	7.1	12.3.3.10
The OPO must provide initial training in emergency preparedness policies and procedures to all new and existing staff, individuals providing services under arrangement and volunteers consistent with their expected roles.	486.360 (d) 1	7.1	12.3.3.10
Training must be provided at least annually and documentation of training must be maintained	486.360 (d) 1 ii-iii	7.1	12.3.3.10
The OPO must demonstrate staff knowledge of emergency procedures	486.360 (d) 1 iv	7.1	12.3.3.10
The OPO must conduct exercises to test the emergency plan	486.360 (d) 2	8.1.1 8.5.1	12.3.3.10
Conduct a paper-based, tabletop exercise at least annually. A tabletop exercise is a group discussion led by a facilitator, using a narrated, clinically-relevant emergency scenario, and a set of problem statements, directed messages, or prepared questions designed to challenge an emergency plan.	486.360 (d) 2 i		12.3.3.10
Analyze the OPO's response to and maintain documentation of all tabletop exercises, and emergency events, and revise the OPO's emergency plan, as needed.	486.360 (d) 2 ii		12.3.3.10

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Additional Requirements	Additional Requirements		
Continuity of OPO operations during an emergency. Each OPO must have a plan to continue operations during an emergency	486.360 (E)		
The OPO must develop and maintain in the protocols with transplant programs required under § 486.344(d), mutually agreed upon protocols that address the duties and responsibilities of the transplant program, the hospital in which the transplant program is operated, and the OPO during an emergency	486.360 (E) 1		
The OPO must have the capability to continue its operation from an alternate location during an emergency. The OPO could either have:(i) An agreement with one or more other OPOs to provide essential organ procurement services to all or a portion of its DSA in the event the OPO cannot provide those services during an emergency;(ii) If the OPO has more than one location, an alternate location from which the OPO could conduct its operation; or (iii) A plan to relocate to another location as part of its emergency plan as required by paragraph (a) of this section.	486.360 (E) 2		

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Integrated Healthcare Systems	Integrated Healthcare Systems		
If the facility is part of a healthcare system consisting of multiple separately certified healthcare facilities that elects to have a unified and integrated emergency preparedness program, the facility may choose to participate in such a program. And must meet the following standards	486.360 (F)		
Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program	486.360 (F) 1		
The unified and integrated emergency preparedness program must be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations and services offered.	486.360 (F) 2		
Demonstrate that each separately certified facility is capable of actively using the unified and integrated emergency preparedness program and is in compliance with the program.	486.360 (F) 3		
Include a unified and integrated emergency plan that meets all standards of paragraphs (a) (2), (3), and (4) of this section. The unified and integrated emergency plan must be based on and include a documented individual based risk assessment using an all hazards approach and a document individual facility based risk assessment for each separately certified facility within the health system utilizing an all hazards approach	486.360 (F) 4		
The plan must include integrated policies and procedures set forth in paragraph (b) of this section, a coordinated communication plan and training and testing programs that meet the requirements of paragraphs (c) and (d) of this section respectively.	486.360 (F) 5		

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
October 2016	460.84	2016	2012 Edition
Require both an emergency preparedness program and an emergency preparedness plan	460.84		12.2.2.3 12.2.3.2 12.4.1 12.5.1
Comply with all applicable Federal, State and local emergency preparedness requirements. The emergency plan must be reviewed and updated at least annually.	460.84 (a)		12.2.3.3 12.4.1.2 12.5.3.6.1
The emergency plan must be based on and include a documented facility based and community based risk assessment utilizing an all hazards approach	460.84 (a) (1)	4.4.2 5.1.3 5.1.4 5.2.1	12.5.2 12.5.3.1
The emergency plan includes strategies for addressing emergency events identified by the risk assessment.	460.84 (a) (2)	5.1.5 6.6.2	12.5.3.2 12.5.3.3
The emergency plan must address the patient population including but not limited to the type of services the PACE has the ability to provide in an emergency; continuity of operations, including delegations of authority and succession plans	460.84 (a) (3)	5.2.2.2	12.2.2.3 12.5.3.1.3(1) 12.5.3.2.3(11) 12.5.3.3.6.4
Have a process for ensuring cooperation and collaboration with local, tribal, regional, state, or Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation, including documentation of the facility efforts to contact such officials and, when applicable, its participation in collaborative and cooperative planning efforts.	460.84 (a) (4)		12.2.3.3 12.5.3.3.6.1(2)(6)
Policies and Procedures	Policies and Procedures		
Develop and implement emergency preparedness policies and procedures based on the emergency plan set forth in (a) and (a) (1) and the communications plan section (C). The policies and procedures must be reviewed and updated at least annually.	460.84 (b)		12.5.3.3.5 12.5.3.3.6.1 12.5.3.6.1
The provision of subsistence needs for staff and participants, whether they evacuate or shelter in place including:(A) food, water, medical and pharmaceutical supplies. (B) Alternate sources of energy to maintain: (1) temperatures to protect patient health and safety and for the safe and sanitary storage of provisions (2) emergency lighting (3) fire detection extinguishing and alarm systems (C) sewage and waste disposal	460.84 (b) (1) i-ii		12.5.3.3.6.2 12.5.3.3.6.4(7)(8) 12.5.3.3.6.5 12.5.3.3.6.6
(i) Emergency equipment, including easily portable oxygen, airways, suction and emergency drugs; (ii) Staff who know how to use the equipment must be on the premises of every center at all times and be immediately available; (iii) A documented plan to obtain emergency medical assistance from outside sources when needed	460.84 (b) (10) i-iii		
Procedures to inform State and local emergency preparedness officials about PACE participants in need of evacuation from their residences at any time due to an emergency situation based on the participant's medical and psychiatric conditions and home environment	460.84 (b) (4)		
Develops a system to track the location of on-duty staff and sheltered participants in the PACE's care during and after an emergency. If on-duty staff or sheltered participants are relocated during the emergency the PACE must document the specific name and location of the receiving facility or other location.	460.84 (b) (2)		12.5.3.3.6.4(9)
Have policies and procedures in place to ensure the safe evacuation from the facility, which would include consideration of care and treatment needs of evacuees; staff responsibilities; transportation; identification of evacuation location(s); and primary and alternate means of communication with external sources of assistance.	460.84 (b) (3)		12.5.3.3.6.1(3)(4) 12.5.3.3.6.2(7) 12.5.3.3.6.4(1)(6)(7)(8)(9) 12.5.3.3.6.8
Have a means to shelter in place for patients, staff and volunteers who remain in the facility	460.84 (b) (5)		12.5.3.3.3 12.5.3.3.6

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Have a system of medical documentation that preserves participant information, protects the confidentiality of participant information and secures and maintains availability of records.	460.84 (b) (6)	4.7.2	12.5.3.3.6.1(4)
Have policies and procedures in place to address the use of volunteers in an emergency or other emergency staffing strategies, including the process and role for integration of State or Federally designated health care professionals to address surge needs during an emergency.	460.84 (b) (7)	6.9.1.2	12.5.3.4.5
The development of arrangements with other PACE organizations and other providers to receive participants in the event of limitations or cessation of operations to maintain the continuity of services to PACE participants.	460.84 (b) (8)	6.9.1.2	
Policies and procedures would have to address the role of the PACE organization under a waiver declared by the Secretary, in accordance with section 1135 of the Act, for the provision of care and treatment at an alternate care site (ACS) identified by emergency management officials.	460.84 (b) (9)		
Communication Plan	Communication Plan		
Be required to develop and maintain an emergency preparedness communication plan that complies with local, state and Federal law and required to review and update the communication plan at least annually.	460.84 (c)	6.4	12.5.3.3.6.1
As part of its communication plan include in its plan, names and contact information for staff; entities providing services under arrangement; participants' physicians, other PACE organizations and volunteers.	460.84 (c) 1	6.4.1	
Require contact information for Federal, State, tribal, regional, or local emergency preparedness staff and other sources of assistance.	460.84 (c) 2 i-ii	6.4.1	
Include primary and alternate means for communicating with PACE organization staff and Federal, State, tribal, regional, and local emergency management agencies	460.84 (c) 3 i-ii	6.4.1	12.5.3.3.6.1
Include a method for sharing information and medical documentation for participants under the organization's care, as necessary, with other health care providers to maintain the continuity of care.	460.84 (c) 4		12.5.3.3.6.1(4)
Have a means, in the event of an evacuation, to release resident information as permitted under 45 CFR 164.510	460.84 (c) 5	6.4.1	12.5.3.3.6.1(4)
Have a means of providing information about the general condition and location of patients under the facility's care, as permitted under 45 CFR 164.510(b)(4)	460.84 (c) 6		12.5.3.3.6.1(4)
Have a means of providing information about the facility's occupancy, needs, and its ability to provide assistance, to the authority having jurisdiction or the Incident Command Center, or designee.	460.84 (c) 7		12.5.3.3.6.1(2)(6)
Training and Testing	Training and Testing		
Develop and maintain an emergency preparedness training and testing program based on the emergency plan, risk assessment, policies and procedures and communications plan. The training and testing program must be reviewed and updated at least annually.	460.84 (d)	7.1	12.3.3.10
Provide initial training in emergency preparedness polies and procedures to all new and existing staff, individuals providing on-site services under arrangement, contractors, participants and volunteers consistent with their expected roles. Provide this training annually and maintain documentation of all emergency preparedness training along with demonstration of staff knowledge of emergency procedures.	460.84 (d) 1 i- iii	7.1	12.3.3.10
Conduct exercises to test the emergency plan at least annually	460.84 (d) 2	8.1.1 8.5.1	12.3.3.10
Participate in a full scale exercise that is community based or when community based exercise is not accessible, individual, facility-based.	460.84 (d) 2 i		12.3.3.10
If the facility experiences and actual natural or man made emergency that requires activation of the emergency plan, the facility is exempt from engaging in a community based or individual, facility based full-scale exercise for one year following the onset of the actual event	460.84 (d) 2 i		12.3.3.10
Conduct a second exercise that may include but is not limited to a second full-scale exercise that is individual, facility based; a tabletop exercise that induces a group discussion led by a facilitator using a narrated, clinically relevant emergency scenario and a set of problem statements, directed messages or prepared questions designed to challenge an emergency plan	460.84 (d) 2 ii		12.3.3.10

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Analyze the response to and maintain documentation of all drills, tabletop exercises and emergency events and revise the facility emergency plan as needed	460.84 (d) 2 iii		12.3.3.10
Integrated Healthcare Systems	Integrated Healthcare Systems		
If a PACE is part of a healthcare system consisting of multiple separately certified healthcare facilities that elects to have a unified and integrated emergency preparedness program, the PACE may choose to participate in such a program. Conduct exercises to test the emergency plan at least annually	441.184 (d) 2	EM.03.01.03 Evaluation	8.1.1 8.5.1	12.3.3.10
Participate in a full scale exercise that is community based or when community based exercise is not accessible, individual, facility-based.	441.184 (d) 2 i	EM.03.01.03 Evaluation		
If the facility experiences and actual natural or man made emergency that requires activation of the emergency plan, the facility is exempt from engaging in a community based or individual, facility based full-scale exercise for one year following the onset of the actual event	441.184 (d) 2 i	EM.03.01.03 Evaluation		
Conduct a second exercise that may include but is not limited to a second full-scale exercise that is individual, facility based; a tabletop exercise that induces a group discussion led by a facilitator using a narrated, clinically relevant emergency scenario and a set of problem statements, directed messages or prepared questions designed to challenge the emergency plan	441.184 (d) 2 ii	EM.03.01.03 Evaluation		12.3.3.2
Analyze the response to and maintain documentation of all drills, tabletop exercises and emergency events and revise the facility emergency plan as needed	441.184 (d) 2 iii	EM.03.01.03 Evaluation		12.3.3.2
Integrated Healthcare Systems	Integrated Healthcare Systems			
If the facility is part of a healthcare system consisting of multiple separately certified healthcare facilities that elects to have a unified and integrated emergency preparedness program, the facility may choose to participate in such a program. And must meet the following standards	441.184 (e)			
Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program	441.184 (e) 1			
The unified and integrated emergency preparedness program must be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations and services offered.	441.184 (e) 2			
Demonstrate that each separately certified facility is capable of actively using the unified and integrated emergency preparedness program and is in compliance with the program	441.184 (e) 3			
Include a unified and integrated emergency plan that meets all standards of paragraphs (a) (2), (3), and (4) of this section.	441.184 (e) 4			
The plan must be based on a community risk assessment using an all-hazards approach with each separately certified facility within the health system having a documented individual facility based risk assessment	441.184 (e) 4 i-ii			
Include integrated policies and procedures that meet the requirements set forth in paragraph (b) of this section, a coordinated communication plan and training and testing programs that meet the requirements of paragraphs (C) and (d) of this section respectively	441.184 (e) 5			

Religious Non-Medical HCI

October 2016	403.748	2016	2012 Edition
Require both an emergency preparedness program and an emergency preparedness plan	403.748		12.2.2.3 12.2.3.2 12.4.1 12.5.1
Comply with all applicable Federal, State and local emergency preparedness requirements. The emergency plan must be reviewed and updated at least annually.	403.748		12.2.3.3 12.4.1.2 12.5.3.6.1
The emergency plan must be based on and include a documented facility based and community based risk assessment utilizing an all hazards approach	403.748 (a) 1	4.4.2 5.1.3 5.1.4 5.2.1	12.5.2 12.5.3.1
The emergency plan includes strategies for addressing emergency events identified by the risk assessment.	403.748 (a) 2	5.1.5 6.6.2	12.5.3.2 12.5.3.3
Address patient population, including, but not limited to, persons at-risk, the type of services in the RNHCI has the ability to provide an emergency; and continuity of operations, including delegations of authority and succession plans.	403.748 (a) 3	6.8.2	12.3.3.4
The emergency plan must address the patient population including the types of services that the facility would be able to provide in an emergency; continuity of operations, including delegations of authority and succession plans	403.748 (a) 3	5.2.2.2	12.2.2.3 12.5.3.1.3(1) 12.5.3.2.3(11) 12.5.3.3.6.4
Have a process for ensuring cooperation and collaboration with local, tribal, regional, state, or Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation, including documentation of the facility efforts to contact such officials and, when applicable, its participation in collaborative and cooperative planning efforts.	403.748 (a) 4		0
Have a process for ensuring cooperation and collaboration with local, tribal, regional, state, or Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation, including documentation of the facility efforts to contact such officials and, when applicable, its participation in collaborative and cooperative planning efforts.	403.748 (a) 4		12.2.3.3 12.5.3.3.6.1(2)(6)

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Policies and Procedures	Policies and Procedures		
Develop and implement emergency preparedness policies and procedures based on the emergency plan set forth in (a) and (a) (1) and the communications plan section (C). The policies and procedures must be reviewed and updated at least annually.	403.748 (b) (1) (i-ii) A-D		12.5.3.3.5 12.5.3.3.6.1 12.5.3.6.1
The policies and procedures must address (1) the provision of subsistence needs for staff and patients whether they evacuate or shelter in place including but not limited to (i) food, water, medical and pharmaceutical supplies (ii) alternate sources of energy to maintain: (A) temperatures to protect patient health and safety and for the safe and sanitary storage of provisions (B) emergency lighting (C) fire detection, extinguishing and alarm systems	403.748 (b) (1) (i-ii) A-C		12.5.3.3.6.2 12.5.3.3.6.4(7)(8) 12.5.3.3.6.5 12.5.3.3.6.6
The policies and procedures must address ... (D) sewage and waste disposal	403.748 (b) (1) (ii) (D)		12.5.3.3.6.2 12.5.3.3.6.4(7)(8) 12.5.3.3.6.5 12.5.3.3.6.6
Develops a system to track the location of on-duty staff and sheltered patients in the facility's care during an emergency. If on-duty staff or sheltered patients are relocated during the emergency the RNHCI must document the specific name and location of the receiving facility or other location.	403.748 (b) 2		12.5.3.3.6.4(9)
Have policies and procedures in place to ensure the safe evacuation from the facility, which includes consideration of care and treatment needs of evacuees; staff responsibilities; transportation; identification of evacuation location(s); and primary and alternate means of communication with external sources of assistance.	403.748 (b) 3		12.5.3.3.6.1(3)(4) 12.5.3.3.6.2(7) 12.5.3.3.6.4(1)(6)(7)(8)(9) 12.5.3.3.6.8
Have a means to shelter in place for patients, staff and volunteers who remain in the facility	403.748 (b) 4		12.5.3.3.3 12.5.3.3.6
Have a system of medical documentation that preserves patient information, protects the confidentiality of patient information and secures and maintains availability of records.	403.748 (b) 5 i-iii	4.7.2	12.5.3.3.6.1(4)
Have policies and procedures in place to address the use of volunteers in an emergency and other emergency staffing strategies to address surge needs during an emergency.	403.748 (b) 6	6.9.1.2	12.5.3.4.5
The development of arrangements with other RNHCIs and other providers to receive patients in the event of limitations or cessation of operations to maintain the continuity of services to RNHCI patients	403.748 (b) 7	6.9.1.2	

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Policies and procedures to address the role of the RNHCI under a waiver declared by the Secretary, in accordance with section 1135 of the Act, for the provision of care and treatment at an alternate care site (ACS) identified by emergency management officials.	403.748 (b) (8)		
Communication Plan	Communication Plan		
Be required to develop and maintain an emergency preparedness communication plan that complies with local, state and Federal law and required to review and update the communication plan at least annually.	403.748 (c)	6.4	12.5.3.3.6.1
As part of its communication plan include in its plan, names and contact information for staff; entities providing services under arrangement; patients’ physicians, other RNHCIs s and volunteers.	403.748 (c) 1	6.4.1	
Require contact information for Federal, State, tribal, regional, or local emergency preparedness staff and other sources of assistance.	403.748 (c) 2	6.4.1	12.5.3.3.6.1(6)
Include primary and alternate means for communicating with RNHCI staff and Federal, State, tribal, regional, and local emergency management agencies	403.748 (c) 3	6.4.1	12.5.3.3.6.1
Include a method for sharing information and medical documentation for patients under the RNHCI's care, as necessary, with other health care providers to maintain continuity of care.	403.748 (c) 4		12.5.3.3.6.1(4)
Have a means, in the event of an evacuation, to release patient information as permitted under 45 CFR 164.510 .	403.748 (c) 5	6.4.1	12.5.3.3.6.1(4)
Have a means of providing information about the general condition and location of patients under the facility’s care, as permitted under 45 CFR 164.510(b)(4)	403.748 (c) 6		12.5.3.3.6.1(4)
Have a means of providing information about the RNHCI's occupancy, needs, and its ability to provide assistance, to the authority having jurisdiction or the Incident Command Center, or designee.	403.748 (c) 7		12.5.3.3.6.1(2)(6)
Training and Testing	Training and Testing		
Develop and maintain an emergency preparedness training and testing program based on the emergency plan, risk assessment, policies and procedures and communications plan. The training and testing program must be reviewed and updated at least annually.	403.748 (d)	7.1	12.3.3.10
Provide initial training in emergency preparedness polies and procedures to all new and existing staff, individuals providing on-site services under arrangement and volunteers consistent with their expected roles. Provide this training annually and maintain documentation of all emergency preparedness training along with demonstration of staff knowledge of emergency procedures.	403.748 (d) 1	7.1	12.3.3.10

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
Conduct exercises to test the emergency plan at least annually	403.748 (d) 2	8.1.1 8.5.1	12.3.3.10
Conduct a paper-based, tabletop exercise at least annually. A tabletop exercise is a group discussion led by a facilitator, using a narrated, clinically-relevant emergency scenario, and a set of problem statements, directed messages, or prepared questions designed to challenge an emergency plan.	403.748 (d) 2		12.3.3.2
Analyze the response to and maintain documentation of all tabletop exercises and emergency events and revise the facility emergency plan as needed	403.748 (d) 2		12.3.3.2

Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program	491.12 (e) (1)				
The unified and integrated emergency preparedness program must be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations and services offered.	491.12 (e) (2)				
Demonstrate that each separately certified facility is capable of actively using the unified and integrated emergency preparedness program and is in compliance with the program.	491.12 (e) (3)				
Include a unified and integrated emergency plan that meets all standards of paragraphs (a) (2), (3), and (4) of this section. The unified and integrated emergency plan must be based on and include a documented individual based risk assessment using an all hazards approach and a document individual facility based risk assessment for each separately certified facility within the health system utilizing an all hazards approach	491.12 (e) (4)(i- ii)				
The plan must include integrated policies and procedures set forth in paragraph (b) of this section, a coordinated communication plan and training and testing programs that meet the requirements of paragraphs (c) and (d) of this section respectively.	491.12 (e) (5)				

Transplant Center

CMS Emergency Preparedness Conditions of Participation Language	CMS Emergency Preparedness Conditions of Participation Reference	NFPA 1600	NFPA 99
October 2016	486.68	2016	2012 Edition
A transplant center located within a hospital that has a Medicare provider agreement must meet the conditions of participation specified in 482.72 through 482.104 in order to be granted approval from CMS to provide transplant services	482.68		
Unless specified otherwise, the conditions of participation at 482.72 through 482.104 apply to heart, heart-lung, intestine, kidney, liver, lung and pancreas centers	482.68 (a)		
In addition to meeting the conditions of participation specified in §§ 482.72 through 482.104, a transplant center must also meet the conditions of participation in §§ 482.1 through 482.57, except for § 482.15	482.68 (b)		
A transplant center must be included in the emergency preparedness planning and the emergency preparedness program as set forth in § 482.15 for the hospital in which it is located. However, a transplant center is not individually responsible for the emergency preparedness requirements set forth in § 482.15	482.78		
Policies and procedures. A transplant center must have policies and procedures that address emergency preparedness. These policies and procedures must be included in the hospital's emergency preparedness program	482.78 (a)		
Standard: Protocols with hospital and OPO. A transplant center must develop and maintain mutually agreed upon protocols that address the duties and responsibilities of the transplant center, the hospital in which the transplant center is operated, and the OPO designated by the Secretary, unless the hospital has an approved waiver to work with another OPO, during an emergency	482.78 (b)
