OASIS Wound Coding Guide

Wound Scenario	Report on OASIS	Assign ICD-10 Code
Pressure ulcer	Report as appropriate in all OASIS pressure ulcer items M1306 – M1324.	**L89.-** Pressure ulcer by wound stage and site
Pressure ulcer sutured closed	Report as unstageable in all OASIS pressure ulcer pressure ulcer items M1306 – M1324.	**L89.- unstageable** pressure ulcer by wound site
Pressure ulcer treated with skin graft	Report as a surgical wound in OASIS M1340 – M1342.	**L89.- unstageable** pressure ulcer by wound site Assign **Z48.298** if caring for skin donor site
Pressure ulcer treated with skin graft – heals completely and becomes a scar – breaks down due to pressure in the previously grafted area	Report as the original ulcer at its worst stage in all OASIS pressure ulcer items M1306 – M1324.	**L89.-** pressure ulcer by wound site at its worst stage
Skin graft of pressure ulcer begins to fail before graft has healed.	Report as a surgical wound in OASIS M1340 – M1342.	**T86.821** Skin graft failure Assign **Z48.298** if caring for skin donor site
Pressure ulcer treated with muscle graft	Report as a surgical wound in OASIS M1340 – M1342.	**L89.- unstageable** pressure ulcer by wound site Assign **Z48.298** if caring for skin donor site
Pressure ulcer treated with muscle graft – heals completely – breaks down due to pressure in the previously grafted area	Report as a NEW pressure ulcer at its <u>current</u> stage in all OASIS pressure ulcer items (M1306 – M1324).	**L89.-** pressure ulcer by wound site and stage
Stasis ulcer	Report as stasis ulcer in OASIS items M1330 – M1334 as appropriate.	**L97.-** Non-pressure chronic ulcer of LE by site and severity. Code first any associated underlying etiology (i.e. I87.2)
Stasis ulcer treated with skin graft	Report as stasis ulcer in OASIS items M1330 – M1334 as appropriate. If a skin donor site is receiving care, report donor site as a surgical wound in M1340-M1342.	**L97.-** Non-pressure chronic ulcer of LE by site and severity. Code first any associated underlying etiology (i.e. I87.2) Assign **Z48.298** if caring for skin donor site
Arterial ulcer	Report in M1028 as Active Disease (Response 1 - PAD) and in M1350 as an "other" lesion.	**L97.-** Non-pressure chronic ulcer of LE by site and severity. Code first any associated underlying etiology (i.e. atherosclerosis of lower extremities)
Burn	Report as an "other" lesion in M1350.	Code by site and degree of burn with appropriate 7th character.
Burn treated with a skin graft	Report as surgical wound in M1340 - M1342.	Code by site and degree of burn with appropriate 7th character. Assign **Z48.298** if caring for skin donor site
Surgical wound, uncomplicated	Report as surgical wound in M1340 – M1342.	Assign appropriate Z code for encounter for aftercare following surgery.
Trauma wound (lacerations, punctures, gunshot wounds, etc.)	Report as an "other" lesion in M1350.	Code the injury with appropriate 7th character
Trauma wound surgically repaired, uncomplicated	Report as an "other" lesion in M1350.	Code the injury with appropriate 7th character
