

What is Management & Evaluation of the Plan of Care

- There are 4 G-Codes for determining the reason for a visit:
 - Observation and Assessment
 - Teaching
 - Hands on Care
 - Management and Evaluation of the Care Plan
- One of the G-codes to choose is “Management & Evaluation of the Care Plan.”
- Facts about Management & Evaluation of the Plan of Care
 - It is fairly rare to have a patient whose plan of care meets the criteria for Management and Evaluation of the Plan of Care
 - You need to speak with Manager to discuss patient prior to using “Management and Evaluation” of the Plan of Care visit code
 - After speaking with the physician to discuss the management and evaluation of the plan of care, use the “Management & Evaluation of the Plan of Care” narrative template and send a narrative out as a separate Interim Order.
- Consider using Management and Evaluation of the Plan of Care when
 - Typical skilled services have ended
 - Clinical risk continue to exist in the face of poorly coordinated unskilled services
 - Unskilled services and/or coordination of unskilled services are required to keep the patient stable
